

Technical overview

JURA standards

Pulse Extraction Process	(P.E.P.®)
Variable VC brewing unit	from 5 g to 16 g
Intelligent Pre-Brew Aroma System	I.P.B.A.S.®
Electrically adjustable ceramic disc Grinder	1
High-performance pump	2 x 15 bar
Thermoblock heating system	2
Fluid system	2
JURA fine foam technology	■
Milk system	HP3
Integrated rinsing, cleaning and descaling	■
Integrated milk system rinsing and cleaning	■
CLARIS filter (smart pro & smart maxi)	CLARIS smart
Energy Save Mode	E.S.M.®
Zero-Energy Switch	■

Specific advantages

Individually programmable specialities	32
Automatic Grinder Adjustment	(A.G.A.®)
Intelligent Water System	(I.W.S.®)
Speed function	■
Automatic switch-over from milk to milk foam	■
Compatible with J.O.E.®	■
Rotary Switch	■
Wireless ready	■
Smart Connect supplied as standard	■
Power hot water system (3 temperature levels)	0.5 L / Min.
Recognition for second, ground coffee	■
Active bean monitoring	■
Monitored drip tray	■
Aroma preservation bean cover	■
Swiss made	■

Settings and programming options

Programmable amount of water	■
Programmable / adjustable coffee strength	10 Levels
Programmable Milk / Milk foam temperature	10 Levels
Programmable amount of Milk / Milk foam	■
Store / copy personalize products	■
Programmable temperature of hot water	3 Levels
Programmable brewing temperature	3 Levels
Reset the day counter	■
Programmable switch-on / switch-off time	■
Number of preparations for each individual product	■

Design and materials

Alu Frame Design®	3 mm
4.3" Display	TFT color touch screen
LED Illumination	Amber / White
Powder chute for ground coffee	■
Sound design	■

Specifications

Height-adjustable dual spout	70 – 159 mm
Height-adjustable hot-water spout	69 – 165 mm
Water Tank Capacity (GIGA X3)	5.0 L
Fix Water Connection (GIGA X3c)	■
Coffee grounds container	ca. 40 Servings
Bean container capacity	1 kg
Voltage / Power	220–240 V~ / 2,300W
Current	10 A
Stand-by power	< 0.5W
Weight	19 kg
Dimensions (W x H x D)	37 × 56.5 × 49.7 cm
Color	Aluminium
Article Number GIGA X3 / X3c	15299 / 15230

JURA GIGA 6 ALU

JURA GIGA X3 aluminium

A flexible move into the top class

With its clear cut, sculptural design, the stylish S line exudes quality and precision in every way. It combines the best of the compact class with elements of the premium segment, including a hint of GIGA. The impressive range of specialities and the stunning result in the cup satisfy even the most demanding coffee connoisseurs.

The operating concept is based on simplicity and intelligence. The JURA S line creates a new segment in coffee machines: the premium mid-segment.

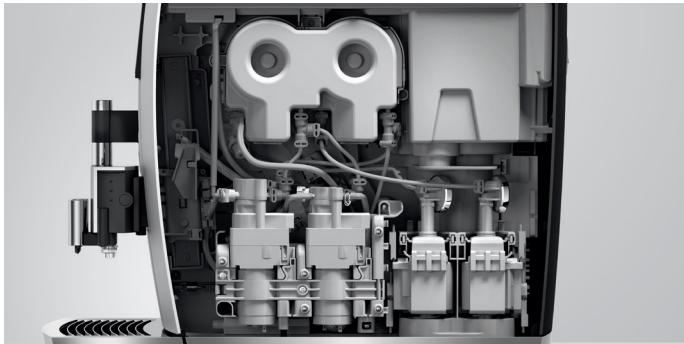

A 2.8" colour display, six buttons and a completely new operating concept. An intelligent algorithm identifies individual preferences and adapts the start screen so the user's two or four favourite specialities are always displayed.

The new professional fine foam frother is made from the highest-quality materials and has a stunning look and feel. Specially designed for the preparation of speciality coffees with milk and milk foam in One-Touch preparation.

More aroma and consistently high grind quality over the entire service life are the defining features of the Professional Aroma Grinder. The perfected grinder geometry achieves the optimum grinding curve.

With the optimised fluid system, even milk system cleaning is carried out automatically at the touch of a button – another E8 function that will be familiar from JURA's top-line products.

JURA GIGA 6

Perfection, precision and professionalism in a new dimension
